Fall Graduates: If students complete their requirements at the close of the fall semester, their diploma will be mailed upon its availability in January. Receipt of the diploma is contingent upon the full completion of the Graduation Requirements by the published dates in order to facilitate the ordering

of a diploma and academic attire and the clearing of all financial obligations. Students will be given the opportunity to participate in the graduation ceremonies in the spring following the completion of their requirements.

Spring Graduates: If students complete all of their requirements at the close of the spring semester, they will participate in the spring ceremonies and their diploma will be mailed upon its availability in May. Receipt of the diploma is contingent upon the full completion of all the Graduation Requirements by the published dates in order to facilitate the ordering of a diploma and academic attire and the clearing of all financial obligations.

Summer Graduates: If students complete their requirements at any point during the summer semester (after the close of the spring semester), they will be considered a summer graduate. Diplomas will be mailed to students at the end of August or early September after the official date of summer graduation as published in the University catalog. Receipt of the diploma is contingent upon the full completion of all the Graduation Requirements by the published dates in order to facilitate the ordering of a diploma and academic attire and the clearing of all financial obligations. Students will be given the opportunity to participate in the preceding spring graduation ceremonies, provided they meet all planning deadlines.
